

Errata Notice

6TH MAY 2026

DEAR PARTNERS,

From May 20, 2026, a designated area of the main island at Sun Siyam Olhuveli will undergo a focused enhancement and development programme, designed to elevate guest experience and strengthen the resort's long-term offering.

All activities will be contained within this designated zone, allowing the rest of the resort to operate as normal. As part of the programme, the **Deluxe Water Villas**, **Prestige Jacuzzi Water Villas**, and **Presidential Water Suites** within this area will be upgraded with interior and structural improvements to enhance comfort and design. The Thai signature restaurant **Siyam Orchid** located in the same area, will be refreshed and reimagined with updated concepts and layouts.

In parallel, work will commence on a new collection of 50 Water Villas within the same wing, further expanding the resort's future accommodation offering.

SCOPE OF WORK:

- **Deluxe Water Villas, Prestige Jacuzzi Water Villas and Presidential Water Suites:** Interior and structural upgrades to enhance comfort, functionality, and design.
- **Siyam Orchid:** Refurbishment and concept development, including updated layouts and design.
- **New Villas:** Construction of 50 additional Water Villas.

IMPACT ON GUESTS:

- **Noise & Visual Disturbance:** All works are carefully confined to an allocated section of the island (please refer map locator). Noise and visual impact will be minimal and managed strictly within the defined hours.
- **Villa & Facility Access:** All other Villas, Restaurants, Spas, Dive Centre, and recreational areas will remain fully operational and unaffected.
- **Booking Relocation:** All affected bookings will be upgraded to a Grand Water Villa, the alternative villa category at the resort.
- **Compensation & Added Value for Relocated Bookings:** 20% discounts on spa treatments, F&B, water sports, and combined excursions. Diving excursions and private excursions are not included.

All enhancements are scheduled for completion by October 31, 2026, with upgraded facilities reopening for the Winter 2026 season.
